

WHEN EVERY SECOND COUNTS, OUR POWER NEVER QUILTS!

Turnkey Power On Demand

HCI Energy's renewable, hybrid power solutions keep vital systems running without a single second lost. Our smart, secure, and sustainable power systems are agile, readily deployable, and able to reliably support a myriad of applications even in austere environments.

ELIGIBLE TO RECEIVE DEPARTMENT OF DEFENSE (DoD) DIRECT AWARDS

- ✓ Never lose a second of uptime!
- ✓ Reliability and redundancy with battery-first architecture.
- ✓ Easy install. Turnkey, drop-in-place power where you need it.
- ✓ Remote monitoring.
- ✓ Proven track record in public safety and services with repeat customers.
- ✓ Rugged and reliable.
- ✓ Made in America. Multiple installations in multiple states.
- ✓ Integrated renewables (optional).
- ✓ Multiple inputs. Multiple outputs.
- ✓ Compliant with GSA schedules and sole source purchasing.

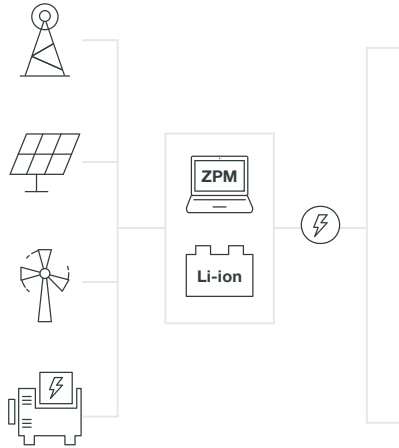

HCI'S ZERO-GLITCH POWER MODULE™ (ZPM)

Go beyond traditional UPS back-up with HCI Energy's ZPM. The ZPM is also integrated into every HCI power system.

HCI HYBRID POWER SHELTER™

HCI Energy's Hybrid Power Shelter is a turnkey powerhouse that incorporates everything necessary to bring continuous, reliable power to even the most remote and rugged locations.
